Admission by Institution Type

## Welcome to the Jigawa Tertiary Information System (TIS) Dashboard

Welcome to the Jigawa Tertiary Information System (TIS) Dashboard, an integrated platform developed by the Office of the Technical Adviser on ICT and Digital Economy. TIS provides comprehensive insights into tertiary education admissions across the state, empowering stakeholders with actionable data to enhance strategic decision-making.

### Overview

The Tertiary Information System (TIS) Dashboard offers a holistic view of admissions within Jigawa's tertiary education sector. Through interactive visualizations and detailed reports, users can explore trends, patterns, and key metrics related to admissions by year, state, institution type, institution, and course.

### How to Navigate

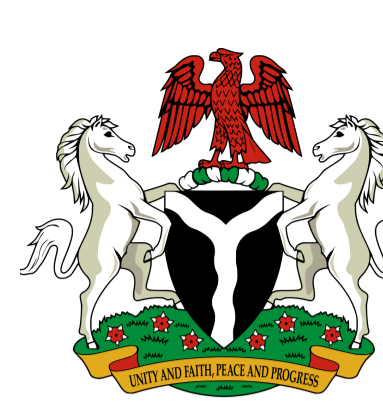

- **Select Report:** Click on the respective report titles to access detailed insights and visualizations.
- **Filter Data:** Utilize filters to customize the displayed information based on specific criteria such as year, state, institution type, institution, or course.
- **Interact with Visuals:** Hover over charts and graphs to view additional details, and utilize interactive features for deeper exploration.
- **Export Data:** Export relevant data for further analysis or reporting purposes, ensuring seamless integration with existing workflows.

### Key Features

- **Admissions by Year:** Gain insights into the annual trends of tertiary admissions, facilitating long-term planning and analysis.
- **Admissions by Institution Type:** Understand the distribution of admissions across different types of tertiary institutions, including universities, polytechnics, and colleges of education.
- **Admissions by Institution:** Drill down into specific institutions to assess their admission statistics, facilitating performance evaluation and benchmarking.
- **Course Report:** Examine admissions data based on courses offered, identifying popular disciplines and emerging trends in student preferences.
- **Institution Report:** Access detailed reports for each institution, providing comprehensive insights into their admissions landscape and demographic profiles.

### Get Started

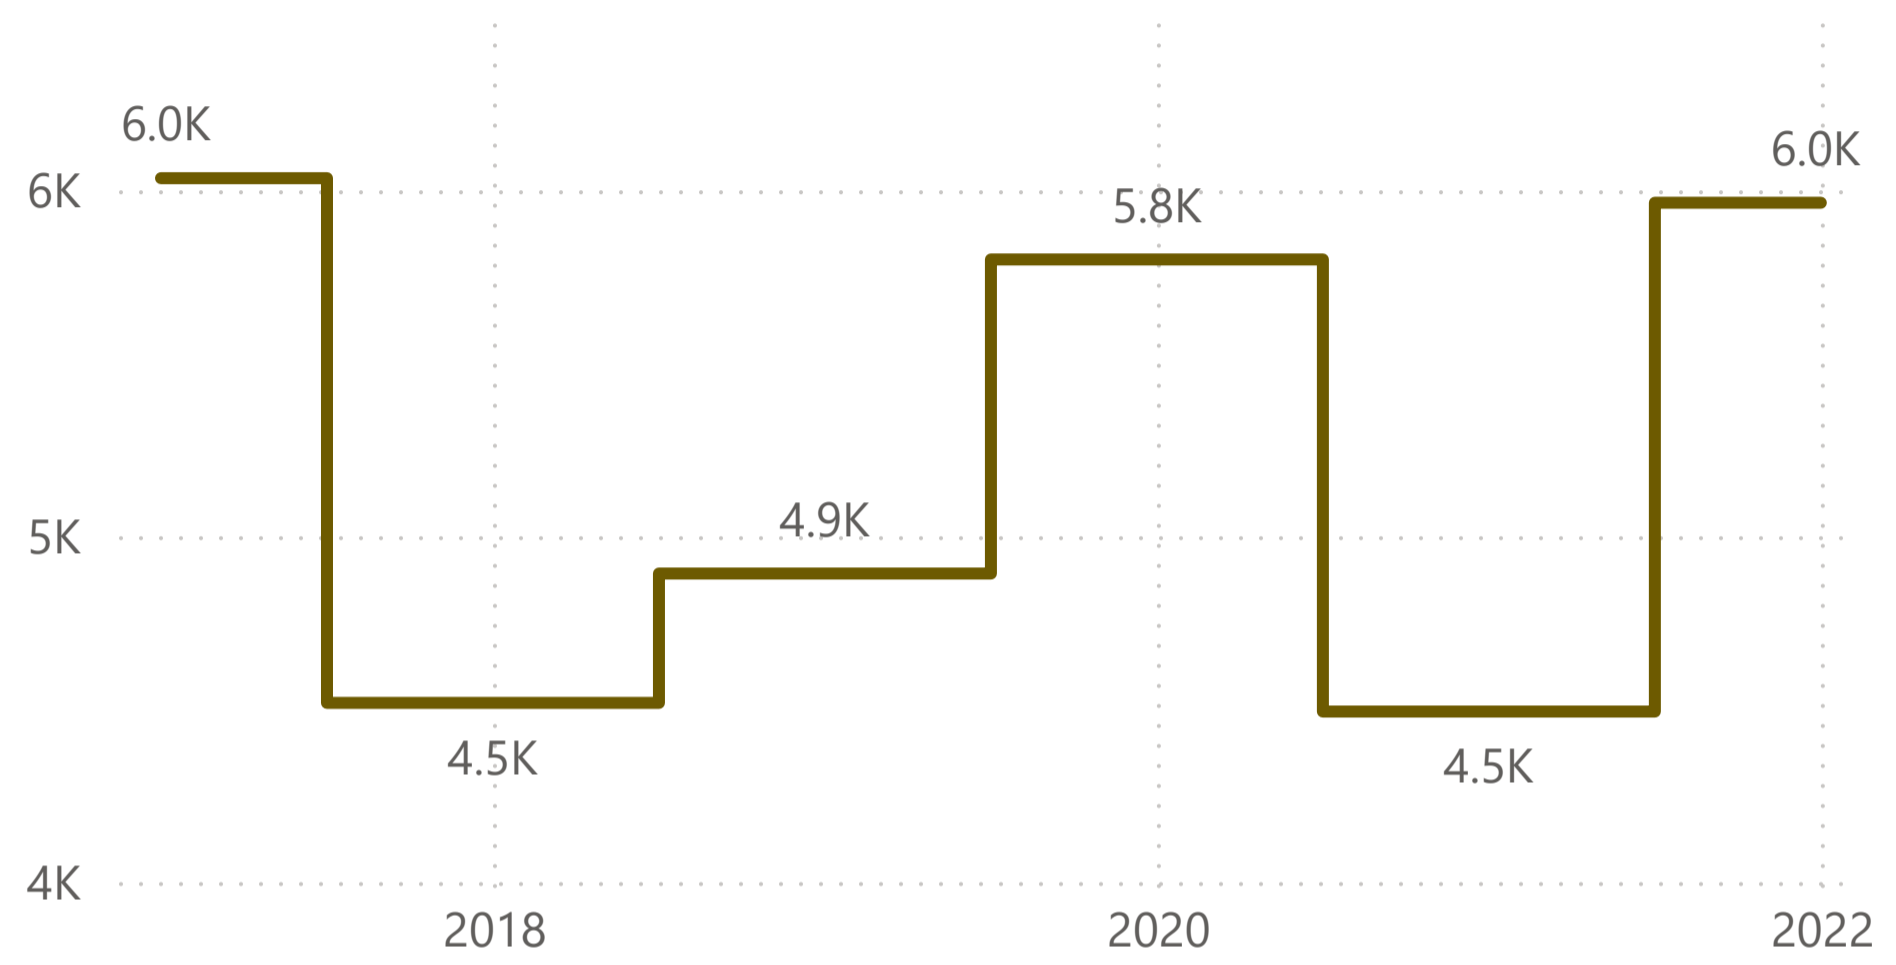

Begin your exploration of the Tertiary Information System (TIS) Dashboard by selecting a report of interest from the navigation menu. For any inquiries or assistance, please contact the Office of the Technical Adviser on ICT and Digital Economy.
